### SPANISH TRICKERY

Madrid Government Trying to Get Ahead of Uncle Sam.

AGGRESSION OF AMERICA IN THE EAST USED AS A LEVER.

Washington, Aug. 22—Special—Advices from Madrid by way of London confirm the suspicions long entertained here that Spain will endeavor to regain by diplomatic trickery what she has lost by war, or to mitigate in some essential particulars the humiliation that has of late overwhelmed her. Agents of Spain are in several of the European courts endeavoring to secure pledges of support in the demand to be made before the peace commission for the retention of the Philippines. Representations are being made that the aggressiveness of the United States will endanger the interests of the several European governments in eastern waters, and an effort will be made to secure concert of action to prevent the acquisition by the United States of a foothold in the orient. This government, however, will be fully prepared for such a move, and will insist upon its rights in the Philippines to the utmost. It is not believed here that Spain will be able to obtain the assistance of any governments save those of Germany and Austria, while the contentions of the United States will receive the powerful support of Great Britain and Russia.

### Contractors Are Inhuman.

Washington, Aug. 22—Special—The government is considering how far its responsibility extends as to the shipment of the Spanish soldiers from Cuba to Spain. The contract for the work was awarded to a Spanish steamship company. Its boats have already taken several thousand troops from Santiago, but the sanitary condition of the vessels is said to be horrible in the extreme, and hundreds will doubtless die on the passage. It is the general opinion that the conditions of the contract have not been lived up to, and an effort will be made to secure better service in the future. If better ships are not furnished the contract will be taken from the Spanish company and given to some one else. The inhumanity displayed is looked upon as characteristically Spanish.

### Merely Spanish Treachery.

Washington, Aug. 22—Special—The criticism of Admiral Dewey for permitting the escape of Captain General Augusti from Manila after he had surrendered is somewhat less pronounced today. It appears that Dewey's only error was in trusting the honor of a Spaniard. His conduct was precisely what is customary the world over, and if a commander belonging to any other nation had been in Augusti's place there would have been no thought of bad faith. The incident will not be without its benefit, however, for it will lead to increased caution on the part of this government in its dealings with Spain.

### Will Not Yield.

Washington, Aug. 22—Special—The statement is authoritatively made that this government will not yield an inch in its firm Philippine policy as the result of the extensive claims made by Aguinaldo. The policy of the government is to ignore him as long as he makes no hostile demonstration. If he becomes obstreperous Merritt will take care of him.

### Breaking Camp.

Chattanooga, Aug. 22—Special—The chief quartermaster at Camp Thomas has been ordered to ask for bids for the transportation of every regiment in camp to its state capital. This means a general breaking up of the camp. The Thirty-first Michigan left this morning for Knoxville. The Fifty-second Iowa goes to Des Moines tomorrow.

### American Soldiers in Havana.

Key West, Aug. 22—Special—News from Havana says several American soldiers landed there Saturday and passed through the streets unmolested.

### Hay Coming Home.

London, Aug. 22—Special—Ambassador Hay sails for New York September 14.

### ASTOR FOR GOVERNOR

William Astor Chandler May Lead the New York Democrats to Defeat.

New York, Aug. 22—[Special]—William Astor Chandler, grandson of

WILLIAM ASTOR CHANDLER.

the late John Jacob Astor, has been brought forward as a candidate for governor, to offset the Roosevelt boom.

### KNIGHTS OF PYTHIAS

Supreme Encampment of the Order Now Being Held at Indianapolis.

Indianapolis, Aug. 22—[Special]—The biennial encampment of the Knights of Pythias opened today. A thousand members are already in the city and 75,000 are expected during the week. The report of the supreme chancellor shows a gain of 1,400 new members. He deplores the fact that the growth of the order on this continent is a thing of the past, and urges the extension of the order into foreign countries. Indications point to the election of Stanton Carter, of California, for supreme vice chancellor. Other aspirants are Charles Shively, of Indiana and Ogden Fetherly, of Wisconsin.

### GREAT BATTLE IN CHINA

Fifteen Hundred Slain and Their Bodies Cast Into the River.

San Francisco, Aug. 22—[Special]—News has been received here of a battle fought in July at Wo Chow, China between a rebel force and the Imperial Chinese troops in which the latter were defeated and 1,500 of their number killed. The bodies of the slain were thrown into the river.

### WILL GO TO PABLO BEACH

First Regiment Will Take a Trip to the Seaside For Health.

Word reached the city this morning that members of Co. A, First Wisconsin Regiment will, soon be removed in a body from Jacksonville to Pablo Beach for a ten days' outing for the purpose of restoring their health.

The other regiments to be thus benefited are the Fifth Iowa, Second Illinois and Second New Jersey. These regiments have suffered the most from sickness. A brigade at a time will be sent to Pablo for a ten days' stay. At the expiration of that time it will be marched down the coast to St. Augustine for another ten days' stay and another brigade will take its place at Pablo. By this plan each brigade will be given a valuable outing.

The brigade of which the First Wisconsin is a member will probably be the first. Col. Schadel was largely instrumental in the adoption of the plan. At present such a move would be of immense value to the regiment, as the conditions now are somewhat disheartening.

### CROPS ARE NOT DAMAGED

Dr. William Horne Says the Hail Did No Damage.

Dr. William Horne, who has just returned from a trip through the rural districts, says the crops are looking finely, and that no material damage was done by recent hailstorms. Very little tobacco was hurt, and other crops sustained no injury. The outlook for corn is excellent; potatoes look well, and tobacco will be a full average crop. The small grains are all harvested and threshed, and the yield has been fully up to the expectations of the early season.

### Father and Son in Wreck.

Galena, Ill., Aug. 22—A fatal runaway accident occurred here early Sunday four miles from Galena. Daniel McGlinn, a farmer, is fatally injured and his 9-year-old son is dead. The father and son were thrown from the wagon, the box of which enveloped them. The boy's neck was broken.

### Miles Is Coming Home.

Ponce, Porto Rico, Aug. 22—Gen. Miles has decided to return to the United States at once. Gen. Brooke will remain in command as military governor of the island.

LUSTRAL wool skirts worth \$1.50 and \$2.00, going at 75 cents. Bort, Bailey & Co.

### THE POPE IS FEEBLE

His Holiness Shows Signs of Failing Health and Advanced Age.

London, Aug. 22—[Special]—Rome dispatches say the Pope looks more

POPE LEO XIII.

feeble than ever. His voice gives signs of failing.

### EIGHTY WERE DROWNED

Terrible Accident That Befel An Austrian Regiment At Buda Pest.

London, Aug. 22—[Special]—A Buda Pest dispatch says while a regiment was crossing a pontoon bridge near Head the bridge collapsed, immersing three hundred, of whom about eighty were drowned.

### EIGHT LIVES ARE LOST

Powder Mill at Chattanooga Blows Up Killing Two and Fatally Injuring Six.

Chattanooga, Tenn., Aug. 22—[Special]—The plant of the Chattanooga Powder Company was blown up this morning. Two were killed, and six fatally injured.

### THE GODDESS OF KINDNESS

Discourse by Rev. A. C. Kempton at the Baptist Church.

Rev. Mr. Kempton's subject at the Baptist church yesterday morning, was "The Goddess of Kindness." His text was in Cor. 13:13, "Love is kind."

Thirteen is said to be unlucky, but is it? There were thirteen states in the United States, thirteen stars in old glory, but can we say that they have been unlucky? Notice first the beauty of kindness. She is beautiful in that which she does. She does even for her enemies. To be kind does not destroy many qualities. It takes a great man to be kind. Jesus was the best example of this. Lincoln and Cromwell were men of kindness. A man does not have to be a small man to be kind. It takes strength of character to be kind. How brave, how beautiful, is kindness.

Notice the value of kindness. This is a talent which we may all have and all use. It is a duty to be kind. It was commanded by our Savior. We should be truly kind to all. Notice the relation of kindness to love. Kindness should be unselfish. If it springs from love, it will be unselfish. If love is kind in our everyday affairs it ought to be doubly true with those who are Christians. If our religion is worth anything it ought to make us kind to all. Love is kind. Kindness is the test of love. Our professions of love should bring forth acts of kindness. Love should be especially shown forth in our church. Kind words are small things but they may bring forth great results, like the little acorn, which will, if planted, bring forth the giant oak. This my brothers, is the greatest thing that we may use in bringing men to Christ. It is the most practical thing that we may have. May God help us to be kind.

In the evening, Mr. Kempton preached at the union service in the First M. E. church.

TEXAS TEARING LOOSE A MINE

SHOT THROUGH PILOT HOUSE

DAMAGE ON FORWARD GUN DECK

## CAPTAIN JOHN W. PHILIP AND THE BATTLESHIP TEXAS.

An object of great interest at the Brooklyn navy yard recently was the battleship Texas, which played such a conspicuous part in the destruction of Admiral Cervera's fleet. Three of the Spanish shells did considerable damage. The aperture in the port bow, made by an 8 inch shell, looks almost like an extra porthole. Just within is a stanchion cut in two. The missile exploded, and its fragments, striking the starboard side, caused the plates to bulge for several inches. This shell killed the only man the Texas lost. The shot through the pilot house was a small one, probably a 6 pounder, and it passed through about ten seconds after Captain Philip stepped out of the house. It was soon after this episode, at the close of the battle, that Captain Philip called his men together and said: "I wish to make confession that I have implicit faith in God. I want to ask you all to uncover your heads with me and silently offer a word of thanks for his goodness toward us all." On the quarter deck stood a contact mine, which the Texas tore from its moorings in entering Calanana bay on June 15. The mine was supposed to explode at a touch, but it dragged under the Texas for the full length of the ship and received a terrific thump from a propeller blade. The mine contained gun cotton enough to blow the ship out of water. It is believed the escape of the Texas is due to the fact that the mine had been planted so long that barnacles had formed about the levers so thickly that they wouldn't work. Lieutenant Bristol of the Texas was asked if it was true that he first sighted Cervera's fleet coming out of the harbor. "That distinction," he laughingly replied, "belongs to men on every ship. I am the selection of the Texas. As a matter of fact, a lookout on each ship saw the fleet coming out at the same time. It is an honor which belongs to many officers, and I suppose each is enjoying the distinction alone on his ship." Four of the men on the Texas had their eardrums broken by the concussion of the big guns during the fight.

## BASEBALL REPORT.

## Standing of the Clubs Composing the Various Leagues.

Chicago has bettered its standing materially by the three Brooklyn games, ending satisfactorily with the double victory yesterday, in which Thornton shut out the visitors without a hit. New York is still ahead by a comfortable margin, but a western invasion and the Orphans' series on the home grounds may change the aspect of affairs. Beaten by New York Saturday and with a Baltimore victory over St. Louis, Cincinnati is now only a peg ahead of Baltimore for second place. The standing:

## More Fall Shoes Have Arrived.

The best Shoe builders in the United States have been called upon for our stock this season. Dressy people like to be foremost in foot styles and therefore make early fall purchases. For these folks and all early fall buyers we are preparing every day a great ovation in pretty footwear. You can be the first to wear the correct styles for fall if you wish to purchase now.

## Our Summer Tans Must Move.

The incoming of our fall stock makes it a necessity to push out all summer tans—men's and women's, boys' and misses—as hurriedly as possible. Our shelf room is already crowded to its utmost capacity. We are making prices that will move summer goods, and each sale is a surprise party to the purchaser. You will find it so, if you try us.

## Good Shoes.

Cost more than poor ones. Sometimes the Shoe you pay the most for costs the least. It depends on where you buy them. Cheap folks ask less for cheap Shoes than we ask for good ones, but theirs cost the most in the long run. We have placed all broken sizes in Oxfords on our bargain table and marked them, choice, 98c. All broken sizes of Ladies' Shoes are heaped together on a table, marked \$1.89.

## Swing In a Hamm'ck Swing.

The popularity of the Hammock Swing for lawns and porches has become greater this season than ever before. They are the most comfortable, convenient article manufactured and combine the ease of the hammock and reclining chair.

## Great Delight

...To the Children.

The little folks swing by the hour in these out door comforts and prefer them to almost any other mode of pleasure. We have sold them all season for \$7.00, but are overstocked at this time of the year and have marked them down to

\$6.

They are made of hard lumber, are strong and durable, and are going at less than cost.

## Unfermented Grape Juice

Free From Alcohol.

The juice from selected ripe grapes is taken fresh from the press, cleared in cool storage, bottled so as to prevent fermentation, at the same time preserving all the elements and flavor of the fresh grapes. The composition of grape juice is nearer to that of milk than is that of any other organic fluid, and will be retained by the most delicate stomach. In convalescence after fever, nothing equals it in building up the system.

Makes a Nice Summer Drink.....

We have received on consignment 300 bottles of this juice, with directions to sell them at once. The regular price is \$1.00 quart and 50c pint bottles. This week we will sell them at 50c for quart bottles and 25c for pint bottles at

HEIMSTREET'S DRUG STORE.

## SPANISH CONSPIRACY.

## Patriotism as Dead as a Mackerel in That Town.

We do not like to appear before our readers in the roll of Apollo, but an explanation is in order, says the Harbman (Ky.) Free Press. We announced in these columns that we had enlisted for the war and would leave for Dry Tomatoes last Tuesday, but circumstances over which we have no control have detained us. We went down to the depot on Tuesday, ready to go. We had our gun that we shot a delinquent subscriber with, the hoarse pistol we used last year, when we fit a duel with the snub-nosed wart who edited the Shillalah, a sword, a tomahawk, a bowie knife and a knapsack full of underclothes and booze. A big crowd got around us and we yelled out to them, "Remember the Maine!" We were very much astonished when several persons in the crowd who, we suspected, were in the pay of Spain, stepped up to us and said: "Remember this bill before you go." It looked as if somebody had called a convention of our creditors and every delegate was there. One of them had a wash bill. Every barkeeper in town was there, with an itemized account. A storekeeper came up and told us to "pull off their boots" which we hadn't paid for. Our landlord was on deck with a bill. We made 'em all a speech, asked 'em if they were patriots, and told 'em that our country called. "Come back," they said, "and pay what you owe. If you don't, we'll have you arrested for trying to skip the town and beat your creditors." Of course, we seed through it all. It was a Spanish conspiracy to keep us to home; but what could we do? Well, we're here to stay now, and there's going to be war at home. We will take the pauper's oath to all them bar bills, and we are going to have all the saloons indicted for violating the four-mile law; and, hereafter, when we want liquor, we're going to Memphis and place ourselves in the hands of our friends. Patriotism is as dead as a mackerel in this here town; but a flea in the ear is worth two in the bush.

## Raising Black Roses.

It is said by a St. Petersburg paper that an amateur botanist of Voronezh, Mr. Fetisoff, has succeeded in cultivating roses of a pure black color. His persistent experiments lasted more than ten years, and he intends shortly to exhibit his new black rose in London.

## OPEN FOR ENGAGEMENTS.

General Macias, Spanish Governor General of Porto Rico, and His Career.

General Don Manuel Macias, governor general of Porto Rico under the Spanish, has the appearance, like so many of his fellow countrymen, of being a military heavyweight. When dressed in his full uniform, with all his gold cord and decorations on, he looks very fierce and valiant. According to his record, he is a great soldier. He has crosses and medals in abundance. We used to regard those trinkets with some awe, but of late we have come to understand that in order to win a victory of the Spanish brand a commanding officer is not required to be brave according to our standards. Many of the men whom Spain has decorated would have been court martialed had they belonged to the United States army. General Macias became governor general of Porto Rico last January, succeeding General Gonzalez Munoz, who

GENERAL DON MANUEL MACIAS.

died shortly after reaching San Juan. General Macias, as he is called by the Spanish, was born Nov. 3, 1845. He attended the College of Infantry, and then took part in the Santo Domingo campaign. Later he was sent to Cuba and fought there three years, gaining the title of colonel. He returned to the peninsula, but was again sent to Cuba with Martinez Campos and won the title of brigadier general and the grand cross of military merit. He served some time in Africa and was then recalled and sent to Cartagena to reorganize the army there. On Nov. 3, 1890, he was appointed captain general of the Canaries and remained there until sent to Porto Rico to take the place made vacant by the death of Munoz.

He is a man of some wealth, for Spaniards who get a chance to hold sway in such places as the Canaries or Porto Rico have many opportunities which they never fail to improve, no matter how short their term of office. It is quite probable that General Macias would have eventually returned to Spain a very rich man had not the war interrupted his career.

## SANTIAGO'S POSTMASTER.

Not a Haughty Spaniard, but a Popular Chicago Man.

Santiago has a new postmaster. The old one was a haughty Spaniard. The new one is not exactly haughty. Neither is he very humble. He comes from Chicago, and his name is James E. Stuart. Until a short time ago he was an officer in the volunteer army with the rank of major. He was stationed at Tampa. He was selected by Postmaster General Smith to take charge of the postal affairs of Uncle Sam in the eastern end of Cuba because he is an expert in organizing and looking after mail service.

Major Stuart has been connected with the postal department since the close of the civil war, in which he played an honorable part and acquitted himself with distinction. He won promotion after promotion by his diligence and effective work until he became inspector of the northwest division in 1870. He has held the position since, except during three years of President Cleveland's first term and since the war with Spain, the department granting him leave of absence on each of the occasions.

Major Stuart looks like the soldier that he is, and his features are familiar to thousands. He is a man below the medium height, with fearless brown eyes, a mustache and goatee, a countenance which reflects courage and dis-

MAJOR JAMES E. STUART.

cretion and a never failing supply of energy. As a postoffice inspector he is a terror to all violators of the postal laws, as an officer in the national guard of Illinois and the commander of a volunteer battalion he has been the idol of his men, and as a private citizen he counts his friends by the hundreds. He succeeds Colonel Eben E. Brewer, who went to Santiago as the United States postal agent, but who succumbed to yellow fever.

## BROUGHT BEFORE THE COURTS OF LAW.

## TIMOTHY M'KUGO TRYING TO COLLECT RENT FOR FARM.

Firm of Merchants Asked by S. D. Grubb to Compensate Him For the Use of His Store—Sports From the Country Who Went on a Spree Receive a Lesson.

Timothy McKugo, a highly respected farmer of this county, owns a valuable farm in the town of Rock, four and a half miles south of this city, that he rented some time ago to Henry Collins, of the town of Rock. In the municipal court this morning Mr. Collins was the defendant in a suit that was brought by Mr. McKugo for the purpose of collecting rent alleged to have been due some time ago, and also for the collection of damages alleged to have resulted by the defendant not fulfilling his promise in caring for the farm. The defendant was allowed to file an amended answer to the complaint, and the case was adjourned by consent till Monday, August 29, at 9 o'clock. Attorney J. J. Cunningham appeared in behalf of the plaintiff, while Ethers, Jeffers, Eldred & Mount looked after the interests of the defendant.

## Wants to Collect Rent.

In the case of S. D. Grubb vs. Harry Eave and Joseph F. Labold, judgment for \$107.07 and costs was allowed. The defendants in this action came to town several months ago and started a grocery store in the Grubb block on West Milwaukee street. Business from the start was not what it promised to be, and the firm, after keeping their heads above water for six months, decided to sell out and retire from the local field. It was then that their troubles commenced. The firm, it is claimed, rented the store for one year. They were there several months, and now Mr. Grubb brings suit and recovers judgment for the rent of his store while it was vacant.

S. D. Grubb and J. E. Hayner are the plaintiffs in another suit with Harry Eave and Joseph F. Labold as the defendants. The case when called this morning was adjourned till August 29 at 9 o'clock.

## Transgressed the Law.

James Dillon and Fred Terwilliger of the town of La Prairie came to town Saturday to have a time. They dined up on the cheapest whisky in town and started out thinking they were the only buds in the garden. Chief Hogan and Officer Appleby met them and without any ceremony whatever marched the pair to jail where they spent Sunday. This morning they paid a \$1 fine or a total of \$2 each and took their departure home wiser boys.

## NO WEDDING BLOSSOMS.

The Other Bride and Groom Had All of Them.

It was to have been an ideal country wedding, with a flowery church, a breakfast on the lawn and all the other accompaniments of truly rural nuptials, says the New York Commercial Advertiser. The bride's parents had given orders to the local florist to decorate the chancel of the parish church with the choicest blossoms he could procure, and the woods and the hothouses were to be called upon to furnish the special and favorite flowers of the bride and bridegroom. When the wedding party arrived at 2 o'clock, not a blossom was to be seen. Inquiries—after the ceremony—were instituted and it was then discovered that the fashionable wedding at 2 o'clock had been preceded by the marriage of some rustic swain and his best beloved soon after noon. Messrs. Blank's men had arrived shortly before the earlier wedding and sumptuously adorned the chancel with costly blooms and plants. They waited until the couple were made one, under the impression that it was the ceremony for which they had been ordered to decorate, and as soon as the last bridesmaid and wedding guest had left the church they promptly set to work dismantling, and had carried off every leaf and petal a good half-hour before the genuine company had arrived. So the local people had the benefit of a beautifully decorated church, while the would-be rustics were married without a blossom to redeem its native ugliness—and it happens to be a particularly ugly edifice.

## Big Iron Works Deal.

Philadelphia, Pa., Aug. 22.—The Cambria Iron company, whose extensive plant is located at Johnstown, Pa., will be absorbed by a new corporation, the Cambria Steel company, and its stock will be guaranteed 4 per cent dividends. The new corporation will have a capital of \$24,000,000 and the holders of Cambria Iron stock will have the privilege of subscribing to three shares of the new company, the Cambria Steel company, for every share of the old company.

## Spain to Disband Troops.

Madrid, Aug. 22.—The Spanish troops at San Roque have been ordered to Barcelona, where they will probably be disbanded, unless the Carlist agitation attains importance.

## Says 200 Were Killed.

Berlin, Aug. 22.—A dispatch from Manila states that the Spanish loss during the bombardment and the assault by the American troops was 200 killed and 400 wounded.

## Indians Leave Newport News.

Newport News, Va., Aug. 22.—The 160th Indiana Infantry left here Sunday evening for Lexington, Ky. The signal corps is still awaiting orders.

## WANT TO GO HOME.

Officers Charged with Falsifying Votes Taken as to Disbandment.

Washington, Aug. 22.—Discontent is rapidly breeding among the volunteer troops now at Camp Alger and Thoroughfare Gap because of unfair treatment by the officers in suppressing votes in which the men have been asked to express their wishes as to remaining in the army. It is feared that unless something is done to relieve the strain many of the soldiers will desert. As there is no longer any chance of seeing active service, 90 per cent of the men at these camps wish to return to their homes. Families of some of the men are in distress; many of the soldiers wish to return to their studies, and others desire to resume peaceful vocations.

Charges are made that officers, many of whom draw more pay in the army than they do in civil life, are suppressing and falsifying votes taken for the purpose of disclosing the sentiment of discharge. Petitions to be discharged are suppressed by the officers, and gross mismanagement is charged, the result of which was that the men were compelled to march all day without rations. A large number of letters are coming to light in which the growing dissatisfaction is shown.

## TO SETTLE WITH CANADA.

Commissioners Now in Quebec Ready for the Negotiations.

Quebec, Aug. 22.—The first session of the United States and British joint high commission will be held in the parliament building in this city Tuesday afternoon. A majority of the commissioners are now here, but they do not expect to do more than take a general survey of the work and appoint subcommittees at the first two sessions. The meetings of the commission will not be open to the public. It is a ponderous and perplexing task given to the commission to perform. Their work is that of adjustment and readjustment of all the most important questions which have been in controversy between the United States and Canada for the past half century.

## Will Not Join Combination.

Crescent Springs, Pa., Aug. 22.—There seems to be little likelihood of the western Pennsylvania steel manufacturers going into the combine now forming in New York. Nearly all of them have been here today with their families, and those who have not are well understood by their fellow-operatives in the market. The combine is understood here to mean at present only a union of the Illinois Steel company and the Minnesota Iron company. Almost everyone believes, however, that John W. Gates is contemplating a larger consolidation and his interest in the wire combination is remembered.

## Plan a Pacific Cable.

Sydney, N. S. W., Aug. 22.—Sir Hugh Nelson, premier of Queensland; Sir George H. Reid, premier of New South Wales, and Sir George H. Turner, premier of Victoria, met in conference Saturday and discussed plans for a Pacific cable. They decided to make the definite offer that if Great Britain and Canada collectively would guarantee five-ninths of the cost of laying the new cable they would recommend their respective legislatures to contribute one-ninth each, asking New Zealand to contribute the remaining one-ninth.

## Sends Note to Spain.

Madrid, Aug. 22.—In the course of an interview had last night with a member of the cabinet by a representative of the Associated press the minister said Great Britain had presented a note to Spain asking for explanations on the subject of the fortifications being erected by Spain near Gibraltar, which, the note declares, are unjustified in view of the good relations existing between the two countries.

## SHELDON AND KING ARE SAFELY HOME

BOTH ARE DANGEROUSLY ILL  
FROM FEVER.

Made a Hurried Trip From Jacksonville—Sergeant Benjamin Brown Talks of Camp Life—Mrs. Hanson With Gifford When the End Came—Shriner, of Co. H, Was Here.

On the 6:30 train from Chicago this morning Ross B. King and Shepard L. Sheldon, of Co. A, arrived home from Jacksonville, Fla. Friends who were at the depot to meet the young men hardly recognized them as changed were their features. From Jacksonville they were accompanied by George E. King and in Chicago they were joined by Thomas King, father to the sick soldier. Immediately on their arrival here they were assisted to an awaiting carriage and driven to their respective homes.

Suffering From Typhoid Dr. J. F. Pember was called, and after a hurried examination it was plain to be seen that both young men were suffering from typhoid malarial. They were at once obliged to take to their beds and all that loving relatives and friends can do is now being done in their behalf. There is little doubt but both will be themselves again in time, but such time will have to be beyond a thirty day furlough.

Both volunteers present a sad appearance, and especially to relatives and friends who were used to seeing them in good health. Their faces are peaked and have a yellowish-brown look. The fever has made them weak, and both are unable to move about without assistance. Private King weighs but ninety-eight pounds, although in much better condition than Sheldon, who is heavier in weight. Constant work on the part of nurses will be required to restore their health.

Changed in Appearance, When George E. King arrived in Jacksonville to secure a furlough for his brother, he found a different lot of faces in Company A than were to be seen in Jacksonville in the spring when the boys took their departure. It was plain to be seen on all sides where the fever had got in its work. Captain Hanson interested himself in behalf of Private King and Sheldon, and did much toward securing their release.

Conditions Are Improved Sergeant Benjamin Brown, of Co. A, who accompanied the remains of Private Gifford here, has been a busy man since his arrival in receiving callers and answering all sorts of questions. He has been constantly besieged by anxious relatives and friends who have loved ones at Jacksonville. Sergeant Brown says that the accommodations are now far better in Jacksonville than they were a few weeks ago, and that now all is being done that can be done under the circumstances to relieve the suffering. He reports much sickness among the boys of Co. A. Sergeant Brown has a thirty-day furlough, and hopes in that time to return a well man.

The Florida Times-Union and Citizen of Jacksonville, in speaking of the death of Private Harry Gifford, says in part: "The deceased was very popular in his company, and Mrs. Hanson, wife of Charles L. Hanson of Company A, interested herself greatly in him and was at his bedside at the time of death. The remains of Private Gifford have been embalmed by Undertaker Charles L. Clark, and will be shipped to Jacksonville, Wis."

News From the Camp, F. A. Shriner, of Co. H, Monroe, was in the city yesterday, having in charge the bodies of Appleton Taft, of Co. B, Monroe, and Corporal Charles Milward, of Madison. Taft's body was taken to Monticello on the paper train. He fell dead in camp from heart disease and Milward died of fever.

## PULVERIZING FOR OATS

Increased Yield Obtained by Thorough Preparation of the Soil

EDITOR GAZETTE—Last spring I pulverized in eleven acres of oats. On Tuesday last Henry Garbard threshed them and the yield was 600 bushels, threshers measure, and heavy oats at that. My farm is on Milton avenue, two and one half miles from post office. O. DIXON.

Facts About the British Empire. The greatest empire of the world is the British Empire, extending over one continent, 100 peninsulas, 500 promontories, 1,000 lakes, 2,000 rivers and 10,500 islands. It surpasses the Assyrian Empire in wealth, the Roman Empire in population, the Spanish Empire in power, and the Persian Empire in area—all of which empires have passed away. The population of the empire—402,515,500—is 27 per cent of the population of the world; the 11,839,316 square miles of imperial territory is 21 per cent of the land of the world.

## WARDEN MILLER IS AFTER THE HUNTERS

HERE SECURING EVIDENCE TO  
WARRANT ARRESTS

State Game Warden Ellarson Has Taken Up the Work and the Fun Has Commenced—Local Hunters Are Accused of Killing Game Out of Season.

Special Game Warden G. L. Miller, of Prairie du Chien, Wis., arrived in the city this morning for the purpose of "orrotting out the sportsmen in this section who are violating the game laws."

State Game Warden James C. Ellarson, of Milwaukee telegraphed to Warden Miller to make the trip as soon as possible and arrest the guilty parties as soon as sufficient evidence was at hand.

Warden Miller will remain in the city this morning for the purpose of securing evidence to warrant arrests during which time he expects to finish his business. This morning he called on the local police and expects with their aid he will have no trouble in locating some of the guilty ones.

Local Amateurs Accused. The offense for which arrests are threatened is the shooting of game in this section of the state out of season. A number of local hunters who are said to have got in their work of late killing prairie chickens, not many miles from this city, are the ones that Warden Miller expects soon to interview.

"I have been at Delavan Lake during the past few days," said Warden Miller, this morning, and it was while there that I received a telegram from State Game Warden Ellarson to go to Janesville at once and look into the alleged violation of the state game law. I expect further instructions from Milwaukee. I believe the charge here is only in reference to the shooting of prairie chickens. At Delavan I was looking after parties who violated the game law.

The Hunting Season. The hunting season, according to chapter 183, laws of 1897, is given below for the benefit of local hunters, viz: Prairie hens, pheasants, woodcock, mallard, teal or wood-duck, snipe, plovers, etc., may be killed from Sept. 1 to Dec. 1. Fine from \$10 to \$50 for each violation. Ducks—other than above—geese, brant, etc., from Sept. 1 to May 1. The fines are from \$20 to \$50 for violations. Ducks, geese and other aquatic birds must not be taken or killed between sunset and sunrise. Swans must not be killed. Fine for violation \$25 to \$100. Quails and English or Chinese pheasants must not be tampered with in any way before Sept. 1, 1901. Snipe, snipe, artificial ambush, snares, spring guns, pivot guns, etc., must not be used under penalties of from \$10 to \$100.

DEATH CLAIMS HIS OWN

Well Known Woman of La Prairie Dies—Herman P. Lunde Passes Away

At the home of her daughter, Mrs. Louisa V. Paul, in the town of La Prairie, on Saturday, occurred the death of Mrs. E. Fincham. Mrs. Fincham was born in Johnston, N. Y., Oct. 10, 1823. She leaves besides her daughter, one son, William Powell of Johnston, N. Y., by her former husband; also three sisters and one brother. Funeral services will be held from the home of Mr. and Mrs. Paul on Tuesday morning, August 23, at 10 o'clock. The interment will be at Hanover beside her husband, the late John Fincham, who died May 13, 1877. Mrs. Fincham was a most estimable lady and leaves a wide circle of friends to mourn her loss.

Herman P. Lunde died on Saturday evening, at his home, No. 177 Washington street, after a two weeks' illness. He was a native of Sogn, Norway, where he was born March 4, 1841. He came to this country in the summer of 1868. He was united in marriage November 25, 1869, to Carrie Blachin. For twenty-nine years he had been a resident of Janesville, and worked at his trade, that of a tailor, until he was taken with his fatal illness. He leaves a widow and two daughters, Ida and Hannah; also a brother, C. Lunde, of Minnesota, all of whom were at his bedside when the final summons came. A host of friends are also left to mourn his departure. The funeral took place at 3 o'clock today from the Norwegian Lutheran church, the interment being in Oak Hill cemetery.

Mrs. J. L. Wheeler.

Mrs. J. L. Wheeler died at her home, 107 Park place, Sunday, August 21. Funeral from the house Tuesday at 1 o'clock. Interment at Turtleville cemetery.

## MORE THAN HE CAN SPEND.

A Cripple Creek Magnate Whose Income Is \$25,000 a Month. The average man is bothered because he hasn't money enough to spend, but Mr. James F. Burns of Cripple Creek, Col., who is at the Raleigh, is embarrassed for the very opposite reason.

To tell the plain truth, it keeps Mr. Burns—Jimmie, they call him out west—busy devising ways to get rid of his surplus revenue. He has ever up much more money than he can spend in any reasonable way. His income is about \$25,000 a month, and being a bachelor with modest wants, it can be seen that he is actually suffering with a plethora of cash.

Mr. Burns is an agreeable, pleasant-spoken man of about 46 years, and is president of the biggest gold mine in the world, the Portland, of which he is also chief owner. Last month its output of the yellow metal was \$125,000, or just one-tenth of the entire production of the Cripple Creek district. "I am here," said Mr. Burns, "purely for recreation, and I am delighted with Washington, which I will back with big money to be the handsomest city on this continent; if not in the world. I have lived in Colorado eleven years, and before that was in Cuba for ten years. There is lots of gold down there, but I spent a fortune trying to get it out of the ground. The thieving Spaniards won't let anybody prosper down there, and they bled me to my ruin. There will not be a happier man in the United States when Spain is licked till she will have to beg for mercy. Yes, I also got my white hair down there. I was sleeping on the ground one night, when a boa constrictor began to coil himself about my body. I managed to get a tight hold about his neck and held him till a companion killed the monster. But I was in an agony of terror, and the shock turned my hair to its present color."—Washington Post.

## HIS FORTUNE STOLEN.

Some Despicable Thief Took the Strong Box in Transit.

A man doing a nice retail business on Gratiot avenue would rather talk of the Klondike than of the war or the revenue bill, and yet he has no idea of letting the gold fever get the better of him, says the Detroit Free Press.

"I had it once," he says. "Some parties with money heard of an old abandoned mine down in Mexico and selected me to investigate for them. They were to pay legitimate expenses and if they concluded to invest I was to have a nice chunk of the stock. There was plenty of gold there. I collected ore and nuggets enough to convince the most skeptical. But I saw fortunes scattered all about me, providing myself with samples of woods and soils that I was sure would interest capital. In my prospective prosperity I was generous, buying horsehair brushes, silver spurs and lots of fancy work to carry home to my friends. I had these all packed in a strong box and shipped it right through. On the trip I felt like a prince going to his own and pictured the future with the life of a luxurious millionaire. But the event gave me the chronic blues for five years." "What went wrong?" "Oh, some one stole the strong box in transit. The best I could get from my patrons was a suspicious laugh and the whole scheme was dropped for something else in which I cut no figure."

## DEMOCRATS CHOSE SCOTT FOR SHERIFF

MUCH CONFUSION AT COTNTY CONVENTION.

Beloit Fails to Send Delegates—But Four Line City Men Are Allowed to Slip In Under the Canvas—Names of Those Who Were Nominated.

For Sheriff.....JAMES SCOTT  
For County Clerk.....JAMES H. LAMB  
For Register of Deeds.....G. A. PROCTOR  
For Dist. Atty.....CLAUDE J. HENDRICKS  
For Clerk of Court.....HENRY GARHUTT  
For Surveyor.....J. F. SWEENEY  
Ch'm Co. Committee.....J. J. CUNNINGHAM

Too many caucuses and too many conventions. They bother the Lock county democrats.

There were caucuses all last week, and this afternoon was spent in trying to get 111 four conventions with one set of delegates.

The county convention was called to order by Chairman John Rordan, of the county committee. C. C. MacLean was chosen as chairman and O. A. Hoem, of Edgerton, secretary. Several of the towns failed to send delegates. The city of Beloit, where no democratic caucuses were held, was represented by some delegates selected by Attorney Con. Buckley. A demand for their recognition was submitted to William Smith. Mr. Smith appeared before the whisks which have been a familiar part of the democratic convention for twenty years and the convention expressed some doubts as to his identity. Attorney Buckley declared emphatically that he had a very opinion of the caucus law; that it had no democratic father and had never been approved by the supreme court. It was argued by William Smith and Clinton Babbitt that some way be found to admit that Beloit delegation. This was done as a matter of courtesy.

R. O. Richmond, of Evansville, put James Scott, of La Prairie, in nomination for sheriff. J. J. Cunningham nominated William Brinkman, of Rock. The vote resulted:

James Scott.....33  
William Brinkman.....25

Mr. Scott was declared the nominee of the convention.

William Brinkman was declared the unanimous nominee of the convention for treasurer.

The other candidates, nominated in quick order, were:

For County Clerk—James E. Lamb, of Johnston.

For Register of Deeds—G. A. Proctor, of La Prairie.

For District Attorney—Claude J. Hendricks, of Edgerton.

For Clerk of the Court—Harry Garbutt, of Janesville.

For County Surveyor—J. F. Sweeney, of Janesville.

For Chairman of County Committee—J. J. Cunningham, of Janesville.

At the Second Assembly District convention William Zull, of Magnolia, was nominated for assemblyman.

Stopping an Ocean Liner. Experiments seem to show that a large ocean steamer, going at nineteen knots an hour, will move over a distance of two miles after its engines are stopped and reversed, and no authority will give less than a mile or a mile and a half as the required space to stop its progress. The violent collisions in some cases during fogs may thus be accounted for.

Knights of Pythias Meet in Annual Convention.

MANY STATES REPRESENTED.

Fully Sixty Thousand Visitors Will Be in the Premier City of Indiana During the Week—Work Laid Out for Convention.

Indianapolis, Ind., Aug. 22.—Five thousand knights are quartered in Camp Colgrove tonight, and the rush by train to this city is well advanced. Ohio, Indiana, Pennsylvania, Virginia, West Virginia, Kentucky, Illinois, Missouri, Kansas, Wisconsin, Michigan and Texas are already represented, but the state organizations are not yet complete.

The formal transfer of the camp to Pythian control will not take place until this evening, at which time the headquarters banner will be hung to the breeze with fitting ceremony.

The railroad authorities have advised showing that fully 60,000 strangers will visit the city during the week. All of the visiting knights compliment the camp as being most admirably located and well supplied.

In his biennial report, which will be submitted this week, Supreme Chancellor Colgrove recommends an entirely new financial system for raising revenues for the supreme lodge be instituted. The expenses of the supreme lodge have always been met from the profit arising from the sale of supplies to the subordinate lodges. The supreme chancellor says that no organization should be dependent for its maintenance upon a system that fluctuates so largely from year to year. The present subordinate lodges are well supplied, he says, and with a cessation in the formation of new lodges the revenues of the supreme lodge must cease.

The yearly revenue necessary to meet appropriations of the supreme lodge is \$50,000. The supreme chancellor recommends that a per capita tax of 7 cents a member be instituted and the old method abandoned.

Such a tax, based on the 500,000 membership of the order, would raise \$35,000 annually, and there are enough incidental revenues to establish a fixed income of \$50,000 if that plan is carried out.

He also urges on the convention the necessity of enacting some regulation to stop the falling off in membership caused by nonpayment of dues, which has deprived the organization of 350,000 members since its inception, he says, and made it third in point of membership of the secret orders, when it should be first.

The supreme chancellor deprecates the fact that the remarkable growth of the order on this continent is a thing of the past, and says that "the hope for a continuance of the remarkable growth of the past" can be entertained only by forsaking long-established customs and extending the order into foreign territory, with changes necessary to meet changed conditions. He reports that the order has gained 14,000 members in the last two years.

The report of Maj.-Gen. Carnahan shows the membership of the uniform rank up to the standard and finances in good condition.

## President Still Undecided.

Washington, Aug. 22.—Still the personnel of the peace commission is undecided. Secretary Day and Senator Davis are the only commissioners so far decided on. Conjecture mentions many others, but so far it is mere guesswork. Senator Roger Q. Mills of Texas was spoken of as the democratic member of the commission, but Sunday he said he would not accept were the appointment tendered him. It is expected the president will make his selections during the week of remaining members of the commission, but it is merely expectation.

## Four in Their Funds.

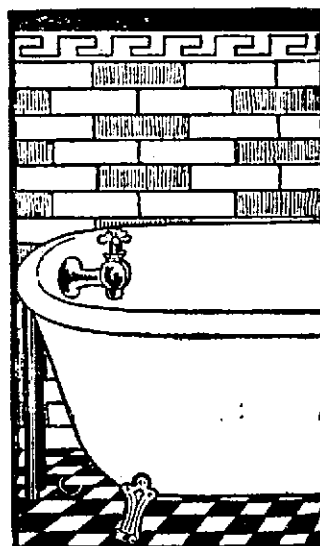

Old Orchard, Me., Aug. 22.—Dr. Simpson of the Christian alliance took \$55,000 in cash and pledges Sunday from the pockets of the people who came to hear him in the grove of the Whispering Pines. Besides money he got a great contribution of watches from the men and jewelry from the women. With a portion of the funds the alliance will push a campaign in the islands of Cuba, Porto Rico and the Philippines, from which the missionaries have hitherto been excluded by the Spanish. The enthusiasm throughout the day was intense.

## Want to Be Mustered Out.

Washington, Aug. 22.—After a careful survey of the situation the president and his cabinet have decided to immediately muster out of service all volunteers except 110,000. Every troop of volunteer cavalry and battery of light artillery still in this country are to be included in the reduction. Secretary Alger has now practically decided on the troops which will be mustered out. During the last week hundreds of letters have poured into the offices of the secretary of war and the adjutant-general from individual soldiers requesting that they be released from further service in the army.

## McKinley Will Go to Omaha.

Omaha, Neb., Aug. 22.—President G. W. V. Vattles of the Trans-Mississippi exposition has received a dispatch from Manager Rosewater at Washington saying that President McKinley has given a positive assurance that he will be the guest of the exposition during the peace jubilee, which will be a feature early in October.

## Lumber and Building Material . . .

Until you bring them here. More people have found this out the past year than in any previous year, and the result is these are very busy times with us. Our trade has never been so large, and by extending our force and working over-time, we have met every demand promptly. These happy conditions may be partially due to the general revival of business, but the greatest agency has been the fact that the people are learning that our material and work are better and cheaper. All we ask is a proportionate growth during 1898, and we expect it. It will be to your advantage to help the increase along.

# A GREAT WASH DAY SAVING!

Every bit of work you can save on wash day is that much strength and time gained. There is a great plenty of real necessary work over and about the tub to make the closing of the day a relief to every woman. You have been in the habit of using Starch that requires boiling. Why do you do it? We are introducing a cold water Starch, called I. X. L., that does the work better in every way than any other Starch, and does entirely away with the need of boiling. We don't

make this claim for goodness of quality without knowing it positively to be a fact. We have seen it tested and do not hesitate to recommend it highly. I. X. L. cold water Starch has given the best satisfaction thus far with people who have used it. It's a new article and is taking wonderfully well, and as it becomes better known will take the place of other brands in Janesville homes. We bought in large enough quantity so that we were enabled to secure the jobbing price, and can make lower prices to the trade than is usual throughout the county. The regular retail price of I. X. L. Starch is 10c per package. We are putting it out 3 packages for 25c. Give I. X. L. Starch a fair trial. There will be no question as to your verdict.

## COLLARS . . . .

Collars at 5c.  
 Collars at 10c.  
 Collars at 15c.

We are increasing our collar stock. We are putting in a 15 cent line that has never been equalled in the city. To provide room we are cleaning out all small lots.

All the broken sizes in Earl & Wilson and Cluett Coon & Co., 25c collars go at 5 cts. These include broken sizes in many styles of standing and turn down collars.

Think of the 5c value at . . . 5c

Boys' wide turn over collars to wear with shirt waists. Always sold at 20 cents, now.. 5c

Some good patterns in standing and turn down collars also bunched. . . . 5c

At 10 cents we offer a full line of a very fine quality cotton collar. It was made to sell for more money—for 15 cents straight, but we have found a better 15 cent collar, and we put this complete line on sale at 10c. The cotton collar is in high favor in Chicago this summer. Some think it stands wear and laundering better than linen. Our line includes all the fashionable shapes, standing and turn down, high, medium and low, and are made in exact duplication of the imported German collars that sell at 35c. Full line of sizes. . . . 10c

Our 15 cent line—The collar we now offer at 15 cents is pure linen, 4 ply. Just the proper weight for the laundry. Positively the same value as the 20 and 25c collars. We are proud of the line. Styles duplicate all the new shapes in high priced collars. Round points in standing and turn down of every height. Two special novelties—the "Baldwin", a medium height turn down, and the "Tioga", a duplicate of the E. & W. Madawaska. The collar chance of the town. A better collar than usually is sold for 20c we offer at. . . . 15c

2 for 25c.
